DM – Social Media Marketing Assessment

Section A – Basics (Short Answers)

Q-1. What is Social Media Marketing?

Ans:

Social Media Marketing (SMM) is a type of digital marketing that uses social media platforms like Instagram, Facebook, YouTube, and LinkedIn to promote products or services, increase brand awareness, engage with customers, and drive website traffic or sales.

Example: Zomato uses Instagram and Facebook to share food-related posts, reels, offers, and advertisements to attract customers and increase food orders.

Q-2. Define Content Pillars with an example.

Ans:

Definition: Content pillars are the main topics or categories a brand regularly shares on social media to keep its content organized, consistent, and interesting for its target audience.

Example: For a food delivery brand like Zomato, content pillars can be:

1. Food Posts: Sharing pictures and videos of delicious food.
2. Offers and Discounts: Promoting special deals and discounts.
3. Customer Engagement: Conducting polls, quizzes, and contests.
4. Memes and Entertainment: Sharing funny food-related memes.
5. Customer Reviews: Sharing customer feedback and testimonials.

Q-3. What is the difference between Reach, Impressions & Engagement?

Ans:

Metric	Meaning	Example
Reach	The number of unique people who see your content.	1,000 different people see an Instagram post.
Impressions	The total number of times your content is displayed, including repeat views.	The post is displayed 2,000 times.
Engagement	The interactions people make with your content, such as likes, comments, shares, and saves.	The post receives 200 likes, 30 comments, and 20 shares.

Example: If you post a photo on Instagram, 1,000 people see it, it appears 2,000 times, and users interact with it 250 times:

- Reach = 1,000
- Impressions = 2,000
- Engagements = 250

4. What is a Content Calendar? Why is it important?

Ans:

Definition: A content calendar is a schedule used to plan and organize social media content in advance. It includes the posting date, time, platform, content type, caption, and hashtags.

Why is it important?

1. Consistency: Helps publish content regularly.
2. Better Planning: Makes it easier to prepare posts in advance.
3. Time Management: Saves time and reduces last-minute work.
4. Content Organization: Keeps posts organized by date and platform.
5. Improved Engagement: Helps plan relevant and interesting content for the target audience.
6. Performance Tracking: Makes it easier to analyze which posts perform well.

Example: A food delivery brand like Zomato can plan Monday for a food reel, Wednesday for an offer post, and Friday for a food-related meme.

5. What is Hashtag Strategy?

Ans:

Definition: A hashtag strategy is the process of selecting and using relevant hashtags in social media posts to reach the target audience, increase content visibility, improve engagement, and attract potential customers.

Example: A food delivery brand like Zomato can use hashtags such as:

- #FoodLovers
- #FoodDelivery
- #Foodie
- #AhmedabadFoodies
- #FoodOffers

Importance of Hashtag Strategy:

1. Increases Reach: Helps content reach more people.
2. Improves Discoverability: Makes posts easier to find through hashtag searches.
3. Targets the Right Audience: Connects content with people interested in a specific topic.
4. Boosts Engagement: Can encourage more likes, comments, and shares.

Section B – Practical Tasks

Task-1

Step 1: Industry select

Example: Clothing Brand – RS Boutique

● Post Type (Reel / Static / Carousel / Story)

● Content Idea

● Caption draft

● Hashtag set (10 hashtags)

Step 2: Practical assignment

Section B – Practical Task 1: Content Strategy

Industry Selected: Clothing Brand
Brand Name: RS Boutique
Platform: Instagram
Objective: To increase brand awareness, engagement, followers, and sales by posting attractive clothing content consistently for 7 days.

7-Day Content Plan

Day 1 – Monday

- **Post Type:** Reel
- **Content Idea:** Showcase the latest women's clothing collection with trending music.
- **Caption Draft:** "Upgrade your wardrobe with our latest collection! ✨ Discover your favourite styles at RS Boutique. Shop now!"

Day 6 – Carousel

Day 7 – Static Post

Section B – Practical Task 2: Profile Optimization

Industry Selected: Clothing Brand Business Name: RS Boutique Platform: Instagram Business Account

Objective: To create a professional Instagram profile, attract potential customers, increase brand awareness, and encourage customers to make enquiries or place orders.

1. Bio Optimization

Username: @rsboutiqueofficial

Name: RS Boutique | Women's Fashion

Optimized Instagram Bio:

👗 Trendy Women's Fashion ✨ Ethnic Wear | Kurtis | New Styles 💖 Style That Speaks for You 📩 DM for Orders & Enquiries

Benefits of Bio Optimization:

- Clearly explains what the business offers.
- Uses relevant fashion keywords.
- Highlights the main product categories.
- Encourages customers to contact the business through direct messages.

2. Profile Picture Guidelines

I would use a professional RS Boutique logo as the profile picture.

Guidelines:

- Use a high-quality square image.
- Keep the logo simple and easy to recognize.
- Use consistent brand colours such as pink, beige, and gold.
- Keep the logo centered so it fits properly in Instagram's circular frame.
- Avoid small text and unnecessary design elements.

3. Instagram Highlight Setup Suggestions

1. Collection

Display new arrivals, clothing styles, and product photos.

2. How to Order

Explain the ordering process and how customers can place orders.

3. Offers

Share current discounts, promotions, and special offers.

4. Reviews

Share genuine customer feedback and product reviews.

5. Contact

Provide business contact details and customer enquiry information.

4. Three Call-to-Action (CTA) Lines

1. For Orders: “DM us now to order your favourite outfit!”
2. For Product Discovery: “Explore our latest collection and find your style!”
3. For Enquiries: “Have questions? Message us for product details!”

5. Expected Outcome

Profile optimization will help RS Boutique build a professional brand image, improve customer trust, make products easier to discover, and encourage more customer enquiries and orders.

Section B – Practical Task 3: Competitor Research

Industry: Clothing Brand My Brand: RS Boutique Platform: Instagram

Objective: To identify three competing clothing brands, analyze their Instagram performance, understand their strengths, and find ways RS Boutique can improve its social media marketing.

For this task, we can compare RS Boutique with three well-known Indian fashion brands. Their follower counts and posting frequencies should be checked on their current Instagram profiles before submitting the assignment, because these figures change regularly.

1. Competitor List and Analysis

Competitor 1: BIBA

Instagram: @bibaindia

- Follower count: Approximately 587K.
- Posting frequency: Around 1–2 posts per week in one available account analysis; verify recent activity.
- Content types: Reels, ethnic outfit photos, festive collections, product promotions, and campaign content.
- What they do better: Strong brand identity, professional fashion photography, and seasonal collections.
- Improvement for RS Boutique: Create festive outfit Reels, showcase products in real-life settings, and use consistent brand colours.

Competitor 2: Libas

Instagram: @libas

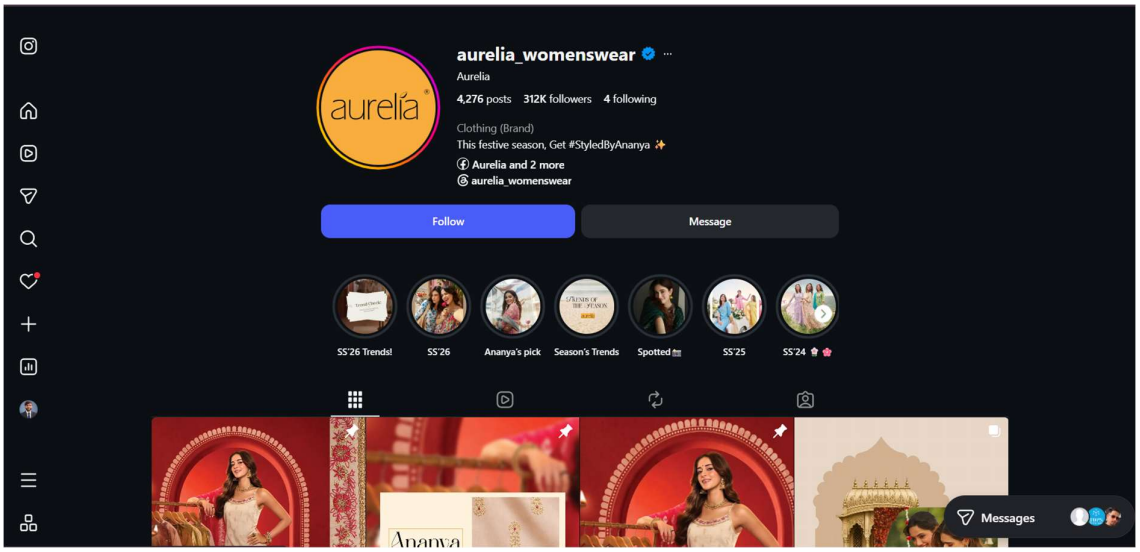

- Follower count: Approximately 774K.
- Posting frequency: To be verified by reviewing its latest 12 posts and recording the dates.
- Content types: Product showcases, ethnic and fusion wear, new arrivals, styling inspiration, and promotional content.
- What they do better: A wide variety of styles, trend-focused collections, and clear product presentation.
- Improvement for RS Boutique: Create outfit styling guides, highlight fabric and design details, and add clear calls to action.

Competitor 3: Aurelia

Instagram: @aurelia

- Follower count: Approximately 306K for the tracked account.
- Posting frequency: To be verified by checking recent posts on the official profile.
- Content types: Kurtas, everyday ethnic wear, coordinated outfits, collection launches, and fashion campaigns.
- What they do better: Consistent product positioning and a clear focus on wearable ethnic fashion.
- Improvement for RS Boutique: Publish affordable styling ideas, customer testimonials, behind-the-scenes videos, and outfit recommendations.

2. Competitor Comparison Table

Analysis factor	BIBA	Libas	Aurelia
Followers (approx.)	587K	774K	306K
Posting frequency	1–2/week in one report	Verify recent posts	Verify recent posts
Main content	Festive and ethnic fashion	Ethnic and fusion wear	Everyday ethnic fashion
Key strength	Brand recognition	Variety of collections	Clear product positioning
Opportunity for RS Boutique	More personal content	Better styling guides	More customer interaction

Follower counts are approximate figures from third-party tracking sources, not guaranteed live counts. Posting frequency should be checked directly on each Instagram profile before submission.

3. Improvement Recommendations for RS Boutique

1. Post consistently: Publish 4–5 times per week, mixing Reels, static posts, carousels, and Stories.

2. Create engaging Reels: Show outfit transformations, new arrivals, styling tips, and clothing details.
3. Improve visual branding: Use consistent fonts, colours, and professional product images.
4. Encourage engagement: Use polls, quizzes, questions, and “Which outfit do you prefer?” posts.
5. Build customer trust: Share genuine customer reviews, product demonstrations, and behind-the-scenes content.
6. Use clear CTAs: Encourage people to follow the account, send a DM, or visit the website.
7. Track performance: Review reach, engagement, profile visits, and enquiries every week.

4. Practical Work – How to Complete This Task

For your assignment, open each competitor's Instagram profile and:

- Record its current follower count.
- Review the last 12 posts and note the dates to estimate posting frequency.
- Identify whether it uses Reels, static posts, carousels, or Stories.
- Take one screenshot of each competitor's profile.
- Add your comparison table and recommendations to your assignment.

Section A – Basics (Short Answers)

Q-1. What are Meta Ads?

Ans:

Meta Ads are paid advertisements that businesses run on platforms such as Facebook, Instagram, Messenger, and the Meta Audience Network. They help businesses promote products and services, increase brand awareness, generate leads, and drive sales by targeting specific audiences.

Q-2. Explain Campaign → Ad Set → Ad Structure.

Ans:

Meta Ads Manager has three main levels:

1. Campaign: This is where we choose the campaign objective, such as Awareness, Traffic, or Sales.
2. Ad Set: This is where we select the target audience, budget, schedule, placements, and other delivery settings.
3. Ad: This is the actual advertisement that people see, including the image or video, headline, ad copy, and call-to-action button.

Example: A clothing store creates a Sales campaign, targets people aged 18–30 in Ahmedabad, and shows them an Instagram ad featuring its latest collection.

Q-3. What is the difference between Boost Post and Meta Ads Manager?

Ans:

Boost Post	Meta Ads Manager
Easy and quick to use.	Offers advanced advertising controls.
Promotes an existing social media post.	Allows you to create new ads and promote existing posts.
Provides basic targeting options.	Provides more detailed audience targeting options.

Offers fewer optimization and testing options.	Supports advanced optimization, A/B testing, and campaign reporting.
Best for simple promotion and engagement.	Best for professional advertising and business goals.

Q-4. Name any 3 campaign objectives and their purpose.

Ans:

Campaign Objective	**Purpose**
Awareness	To increase brand recognition and reach more people.
Traffic	To bring people to a website, landing page, or app.
Sales	To encourage purchases and increase conversions.

Q-5. What is Pixel? Why is it important?

Ans:

The Meta Pixel is a piece of JavaScript code added to a website to help measure user actions and track the performance of Meta advertising campaigns. It works alongside Meta's other measurement tools.

Importance of Meta Pixel:

- Tracks website actions such as page views, add-to-cart events, and purchases.
- Measures conversions from Meta ad campaigns.
- Helps businesses understand ad performance.
- Supports retargeting people who have visited a website.
- Helps optimize campaigns to reach people more likely to take a desired action.

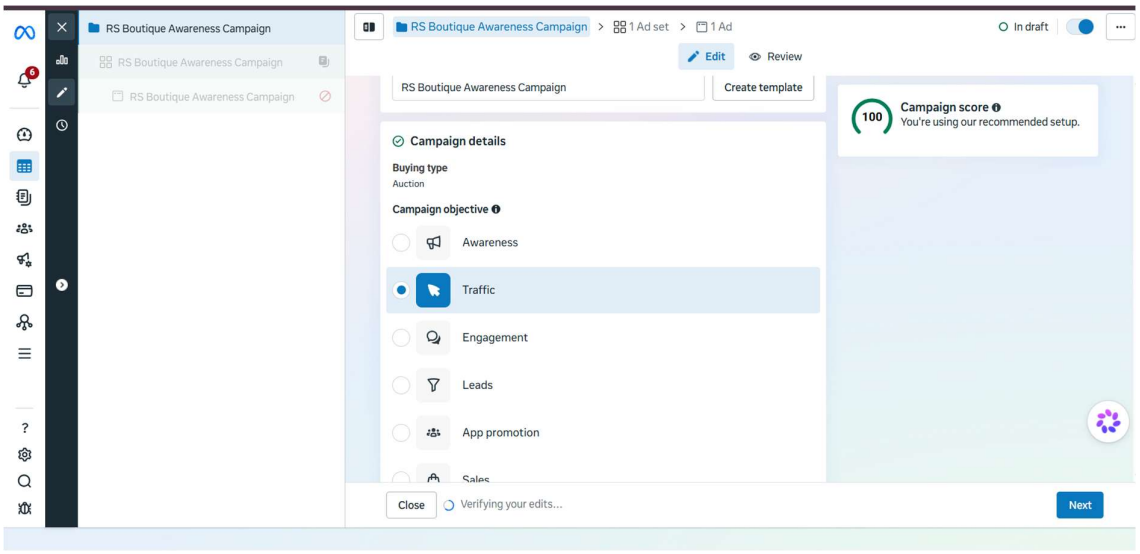

Example: If a customer visits an online clothing store through an Instagram ad and adds a shirt to the cart, the Pixel can help track that action when correctly configured.

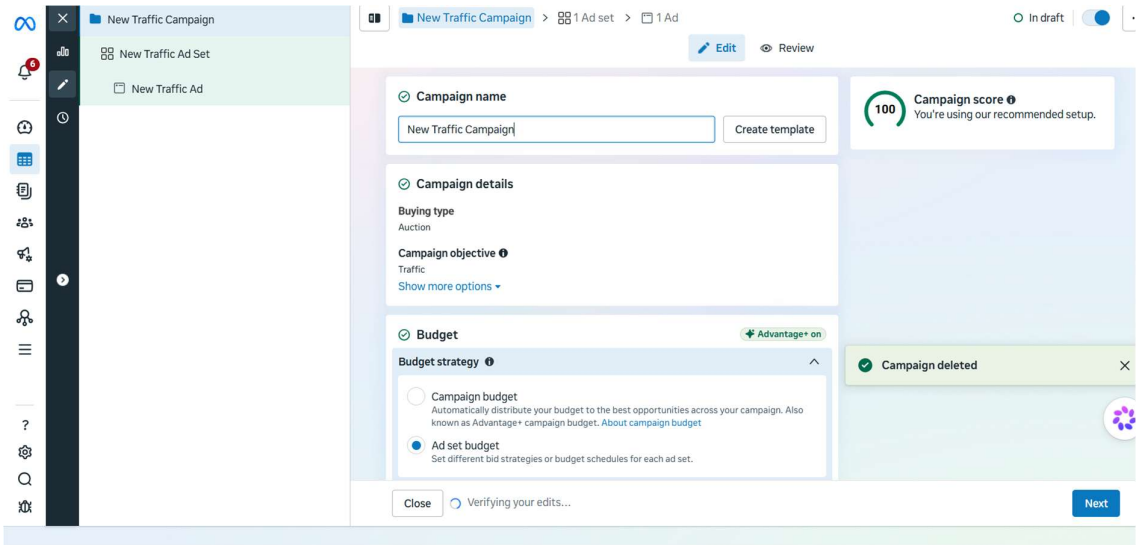

Section B – Practical Tasks

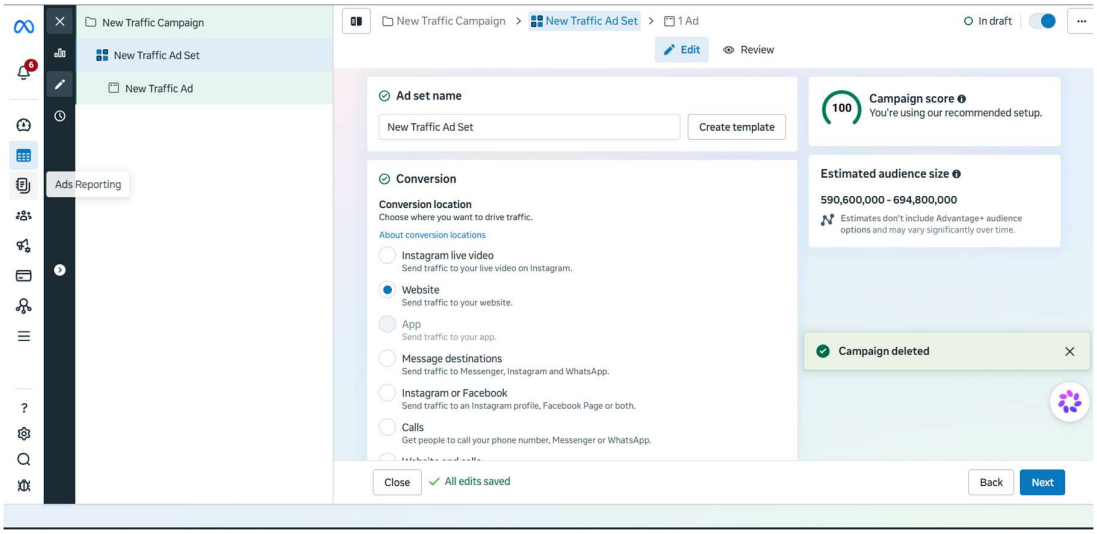

Task 1: Audience Creation (Meta Ads)

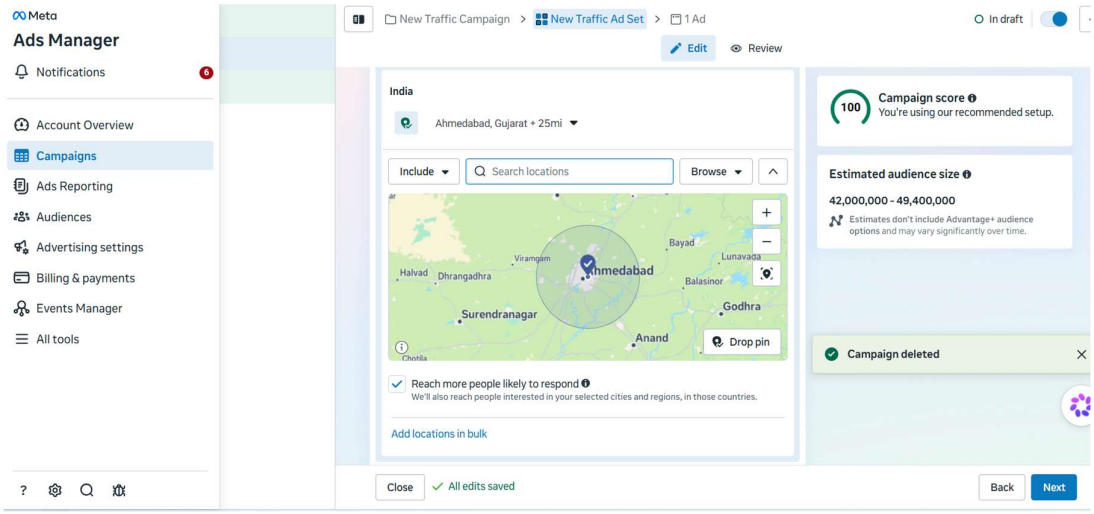

Selected Business: Ecommerce – RS Boutique

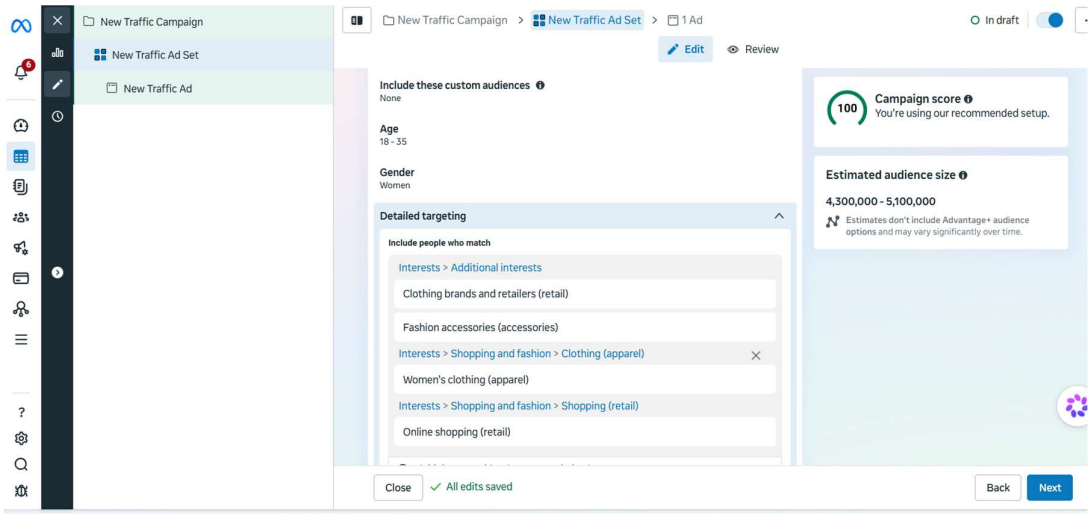

The objective is to create three different audiences for a clothing business using Meta Ads Manager: Cold Audience, Warm Audience, and Retargeting Audience.

2. Warm Audience

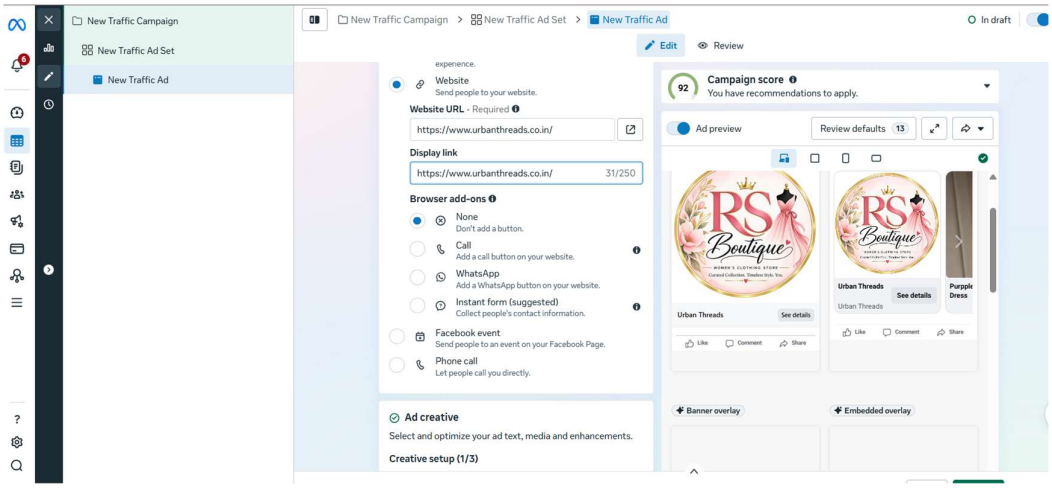

Meaning: People who have already interacted with our business on social media or other platforms.

- Location: Ahmedabad, Gujarat
- Age: 18–35 years
- Interests: Fashion, ethnic wear, women's clothing, and online shopping
- Behavior: People who have engaged with our Instagram account, watched our videos, or interacted with our Facebook page.
- Ad Purpose: To build trust, increase engagement, and encourage people to visit our website.

3. Retargeting Audience

Meaning: People who have visited our website or shown interest in our products but have not completed a purchase.

- Location: Ahmedabad, Gujarat
- Age: 18–35 years
- Interests: Women's fashion, ethnic wear, and online shopping
- Behavior: Website visitors, product viewers, and people who added products to their cart but did not purchase.
- Ad Purpose: To remind potential customers about products and encourage them to complete their purchase.

Conclusion

Creating these three audiences helps RS Boutique reach new customers, engage interested people, and bring back potential customers who have not purchased yet. This can improve advertising performance and increase sales.

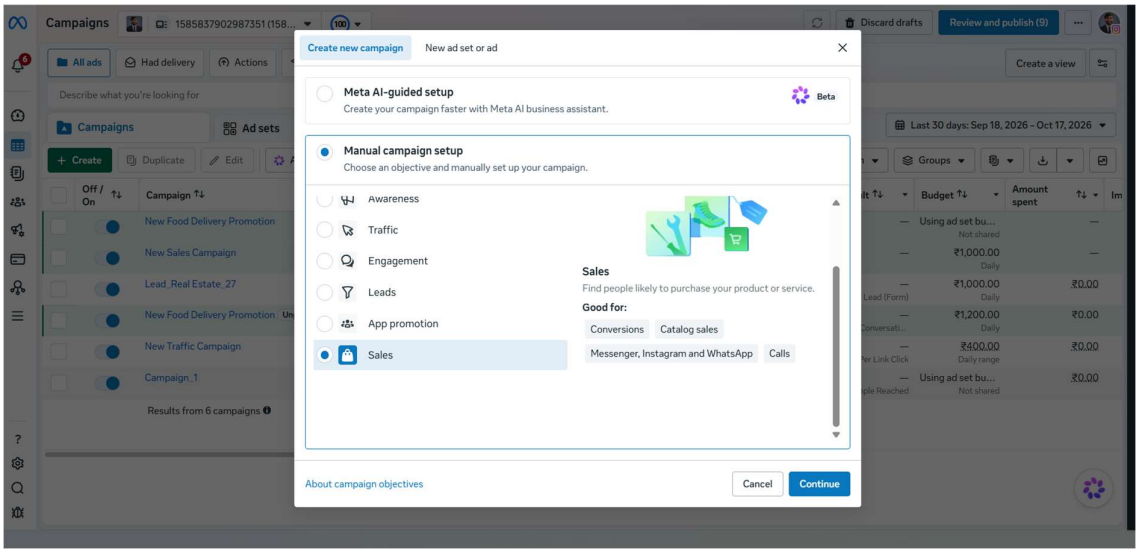

Task 2: Ad Creative + Copywriting

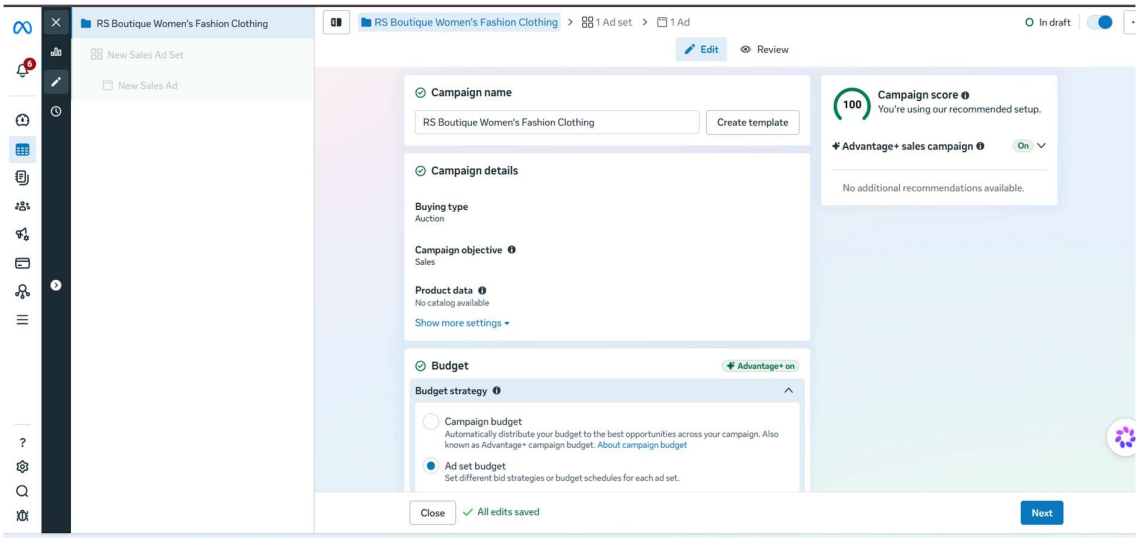

Business Name: RS Boutique

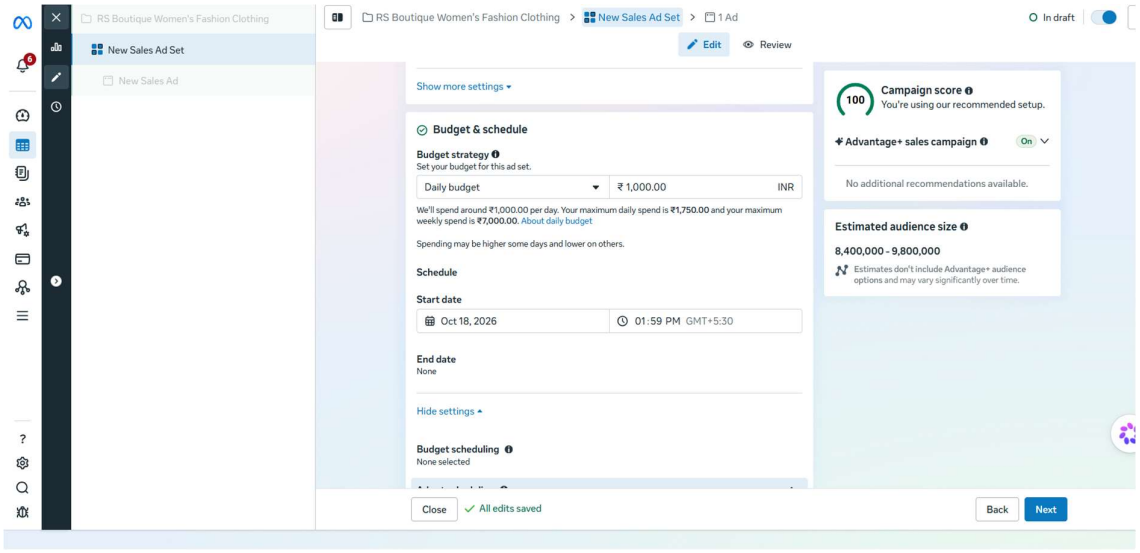

Product: Women's Fashion

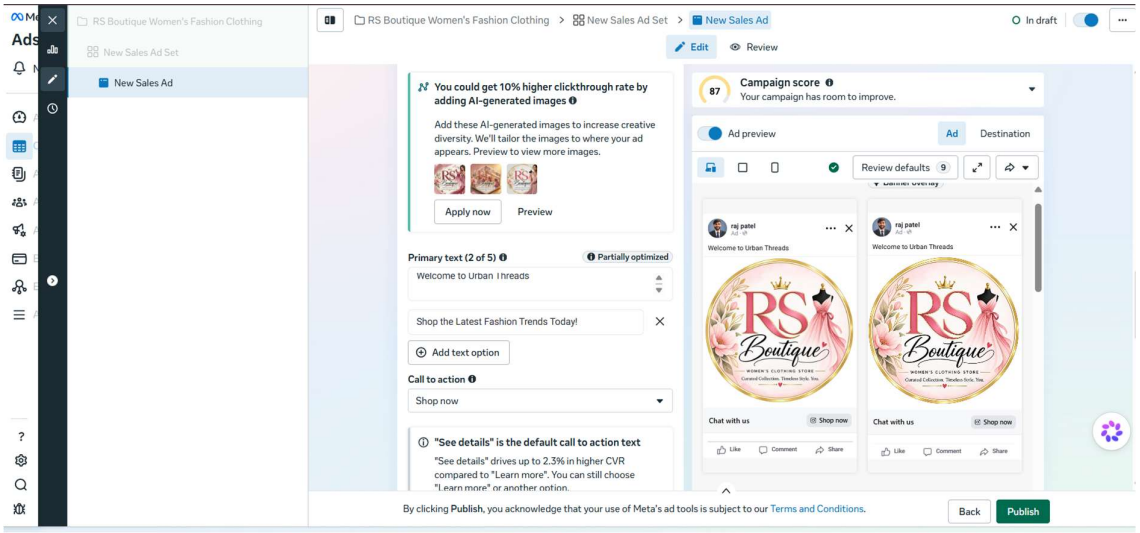

Clothing Platform: Facebook and Instagram Ads

Campaign Objective: Sales

1. Primary Text

✨ Upgrade Your Style with RS Boutique! ✨

3. Call To Action (CTA)

Shop Now

4. Image/Video Idea

- Image: A high-quality photo of a model wearing a stylish outfit.
- Design: Use an attractive background with the RS Boutique logo.
- Text on image: “Discover Your Style – Shop Now!”
- Video idea: Create a 15-second Reel showing different outfits, close-up fabric details, and a final shopping call to action.

5. Landing Page Suggestion

Use the official website: Urban Threads

The landing page should include:

- High-quality product images.
- Product prices and descriptions.
- Available sizes and colours.
- A clear Shop Now or Add to Cart button.
- Easy checkout and mobile-friendly design.

Expected Outcome: Increase website traffic, attract potential customers, and generate more clothing sales through Facebook and Instagram Ads.

Task 3: Budget & Expected Results

Business Example: Online Food Delivery App

Total Budget: ₹10,000

Campaign Duration: 7 Days

Platform: Facebook and Instagram Ads (Meta Ads)

1. Budget Allocation

Campaign	Budget	Objective
Awareness Campaign	₹2,000	Increase brand awareness and reach
Traffic Campaign	₹3,000	Drive visitors to the website or app
Lead Generation Campaign	₹3,000	Generate customer leads
Retargeting Campaign	₹2,000	Reach people who previously engaged
Total	₹10,000	-

2. Expected Results (Approximate)

Metric	Expected Result
CPM (Cost per 1,000 Impressions)	₹80–₹150
CPC (Cost per Click)	₹5–₹15
CPL (Cost per Lead)	₹50–₹150
Total Impressions	65,000–1,00,000
Total Clicks	400–1,000
Expected Leads	20–60

3. Key KPIs to Track

1. Reach: Number of unique people who see the ads.
2. Impressions: Total number of times the ads are displayed.
3. CPM: Cost per 1,000 impressions.

4. CTR (Click-Through Rate): Percentage of people who click the ads.
5. CPC: Average cost per click.
6. CPL: Average cost per lead.
7. Conversion Rate: Percentage of visitors who complete the desired action.
8. ROAS (Return on Ad Spend): Revenue generated for every rupee spent on advertising.

4. Conclusion

A budget of ₹10,000 can be distributed across awareness, traffic, lead generation, and retargeting campaigns. By monitoring the key KPIs regularly, we can identify the best-performing campaigns, optimize ad spending, and improve overall marketing results.

Section C – Mini Project: Complete Meta Ads Plan

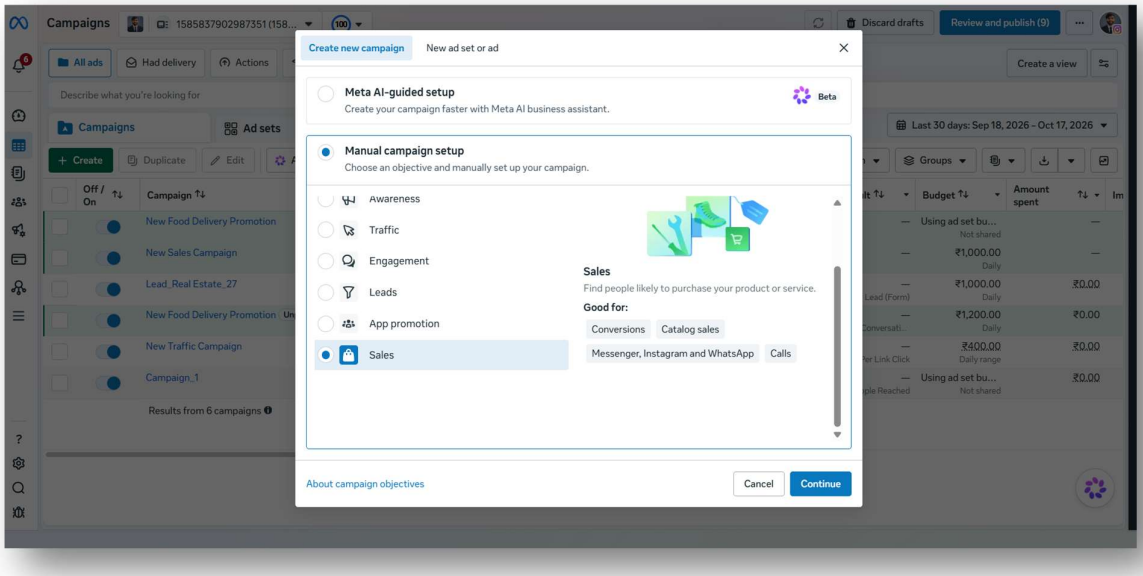

Business Name: RS Boutique (Fashion and Clothing Store)

1. Campaign Objective

The main objective is to generate sales and increase website traffic for RS Boutique through Facebook and Instagram Ads.

- Promote new fashion collections and offers.
- Reach new potential customers.
- Engage people who have interacted with the brand.
- Retarget website visitors and encourage them to purchase products.

Campaign objective: Sales

2. Three Ad Sets (Cold / Warm / Retargeting)

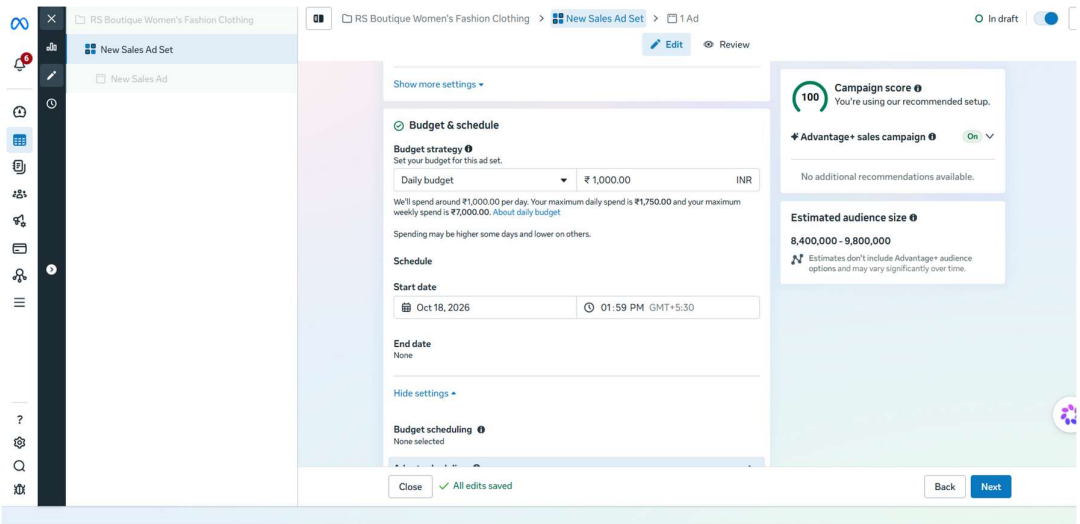

Ad Set	Target Audience	Location	Age
Cold Audience	People interested in fashion, online shopping, and women's clothing	Rajkot, Gujarat	18–35
Warm Audience	People who engaged with Instagram/Facebook posts or watched videos	Gujarat	18–35
Retargeting Audience	Website visitors and people who added products to the cart but did not purchase	Website visitors from eligible locations	18–35

3. Budget Split

Total campaign budget: ₹10,000 for 7 days.

Ad Set	Budget	Percentage
Cold Audience	₹5,000	50%
Warm Audience	₹2,000	20%
Retargeting Audience	₹3,000	30%
Total	₹10,000	100%

Daily budget: approximately ₹1,429.

4. Ad Copies

Ad Set 1: Cold Audience

Goal: Attract new customers

Primary Text: Discover your perfect style with RS Boutique! Explore our latest fashion collection and upgrade your wardrobe with stylish outfits. Shop your favourites today!

Headline: Discover Your New Style

CTA: Shop Now

Ad Set 2: Warm Audience

Goal: Re-engage interested users

Primary Text: Loved our latest collection? Your next favourite outfit is waiting! Explore stylish designs from RS Boutique and find the perfect look for every occasion.

Headline: Your Favourite Styles Await

CTA: Shop Now

Ad Set 3: Retargeting Audience

Goal: Encourage purchases

Primary Text: Still thinking about your favourite outfit? Visit RS Boutique again and explore our collection. Find a style you love and complete your shopping today!

Headline: Complete Your Shopping

CTA: Shop Now

5. Expected Results

The following figures are illustrative estimates for a ₹10,000 campaign, not guaranteed results.

Metric	**Expected Result**
Impressions	20,000–40,000
Reach	10,000–20,000 people
Link Clicks	300–600
Average CPC	₹15–₹30
CTR	1%–2%
Purchases	5–20
Cost Per Purchase	₹500–₹2,000

Actual results will depend on ad quality, audience size, product prices, website experience, competition, and tracking accuracy.

6. Optimization Strategy

1. Monitor performance: Check CPM, CPC, CTR, purchases, and cost per purchase regularly in Meta Ads Manager.
2. Test creatives: Compare product images, Reels, and carousel ads to find which format performs best.
3. Improve targeting: Review audience performance and adjust location, interests, and age ranges based on results.
4. Optimize budget: Gradually move more budget toward ad sets generating purchases at an acceptable cost.
5. Retarget visitors: Show relevant product ads to website visitors and cart abandoners, excluding recent purchasers where appropriate.
6. Check tracking: Verify Meta Pixel events and, where possible, Conversions API events to measure purchases accurately.
7. Improve the landing page: Ensure the website loads quickly, works well on mobile, and has clear product details and checkout options.

Conclusion

This Meta Ads plan helps RS Boutique reach new customers, reconnect with interested audiences, and encourage purchases. By tracking key performance indicators and optimizing campaigns regularly, the business can improve advertising efficiency and increase sales.
